

MUHIDEEN MOHAMMED

Imperial Avenue, UK | 07917843236 | mowglimasters24@gmail.com | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Detail-oriented Cybersecurity Analyst with practical experience in firewall configuration, network security protocols, SIEM log analysis, and penetration testing using tools like Nmap, Nessus, Hydra, and Metasploit. Proven track record implementing ISO 27002-based compliance strategies, developing phishing awareness training, and optimizing SOC operations to reduce threats and strengthen organizational security posture. Brings strong problem-solving, situational awareness, and safety compliance mindset gained from traffic management and warehouse operations roles, ensuring disciplined risk management and adherence to industry standards. Recognized for clear communication, teamwork, and supporting high-pressure environments with accuracy and accountability.

TECHNICAL SKILLS

- **Operating Systems:** Windows, macOS, Linux
- **Networking Protocols:** TCP/IP, FTP, SSH, DNS, HTTP, SMB
- **Virtualization:** VMware, VirtualBox
- **Penetration Testing Tools:** Nmap, Hydra, Metasploit, MobSF
- **Other Tools/Technologies:** Active Directory, Cisco Routing, VPN, Office 365, Zoom, G Suite

CORE COMPETENCIES

- Network Security
- Incident Response
- Packet Analysis
- Vulnerability Assessment
- Malware Analysis
- Endpoint Security
- Penetration Testing
- Security Auditing
- Firewall Configuration
- Threat Intelligence
- Log Analysis
- Analytical Thinking
- Risk Analysis
- Security Monitoring
- Problem Solving

PROFESSIONAL EXPERIENCE

Cybersecurity Analyst – Amdari Inc. - UK

May 2025 –

Present

- Configured and optimized firewall rules to block ICMP traffic while permitting essential IP communications, reducing unauthorized access attempts by 25%.
- Performed enumeration and vulnerability assessments using Nmap, Nessus, along with penetration testing exercises like bruteforcing (Hydra, Medusa, John) and exploitation (Metasploit Framework).
- Deployed and monitored IDS/IPS systems, detecting suspicious network activities and reducing false positive rates by 20%, improving SOC efficiency.
- Conducted detailed security log analysis using SIEM solutions, detecting and neutralizing cyber threats before they escalated into full-scale attacks.
- Developed security compliance strategies based on ISO 27002, among other standards, ensuring system integrity and regulatory adherence.
- Led phishing awareness campaigns and security training sessions, reducing phishing-related incidents by 40% and strengthening organizational security culture.
- Built and managed virtualized environments, enabling secure testing and development of cybersecurity defense mechanisms.

Traffic Management Operative – Red Rock Agency (HTM) — UK

2025 – Present

- Install cones, barriers, signs, and temporary traffic lights around roadworks in line with approved traffic management plans and site drawings, ensuring the safety of road users and workers.
- Control and direct traffic flow when required using stop/go boards or temporary signals, minimising congestion and maintaining site productivity.
- Drive company vans and trucks to transport equipment to and from various sites, maintaining vehicle safety checks and compliance with road transport regulations.
- Consistently adhere to all health and safety procedures, wearing correct PPE and proactively identifying and reporting potential hazards to maintain a safe working environment.
- Work effectively as part of a team, communicating clearly with site supervisors and road users to ensure smooth operations.

Forklift Truck Driver - Frontline Recruitment (Apex) — UK

2024

– Present

- Operate a range of forklifts, including counterbalance and reach trucks, to safely and efficiently transport goods within a high-volume warehouse and busy loading dock environment.
- Accurately load and unload diverse materials from delivery trucks, ensuring products are handled with care, minimising damage, and maintaining order fulfilment timelines.
- Organise and stack products in designated storage areas, optimising space utilisation and contributing to smooth stock rotation and inventory management.
- Perform daily safety inspections on forklifts and related equipment, reporting and addressing any faults immediately to minimise downtime and maintain operational safety.
- Strictly adhere to all health and safety regulations and best practices, maintaining a hazard-free workspace and supporting a

culture of safety among warehouse team members.

- Collaborate effectively with warehouse operatives, drivers, and supervisors to meet tight deadlines during peak periods, demonstrating flexibility and teamwork.

Assistant Secretary - Hajj Affairs Pilgrims Office — Ghana

2022 –

August 2023

- Served as a first point of contact and reliable source of information for clients and visitors, maintaining excellent communication and customer service.
- Managed incoming calls, emails, and in-person queries, resolving issues efficiently and professionally.
- Supported organisational administration by accurately filing records, entering and updating data, and maintaining confidential information securely.
- Gathered and sorted data for inclusion in management and stakeholder reports, supporting informed decision-making.
- Fostered positive working relationships with colleagues and management, contributing to a supportive and productive office environment.

EDUCATION

- **University Of Leicester - BSc. Crime, Justice And Psychology 2023 - 2024**
- **University Of Ghana - BA Psychology And Arabic 2017- 2021**

CERTIFICATION

- **Cybersecurity Analytics - 10Alytics**
